

Temperature probes

PT56 P

Code: 51000222

TECHNICAL DATA SHEET

Performance

Temperature measuring range	-50 ... +400 °C
Class	A
Temperature measuring range	±0,15 °C
Temperature accuracy to +100 °C	±0,35 °C
Temperature accuracy to +200 °C	±0,55 °C
Temperature accuracy to -100 °C	±0,35 °C
Certifiable range	-50 ... +250 °C
T 90	2s

Features

Terminal	Perforating tip
Connection	DIN 3 PIN
Stem material	Stainless Steel
Temperature sensor	
Serial number	

Dimensions and weight

Stem diameter	4 mm
Stem length	150 mm
Total length	
Body length	1.5 m
